

## Izzo Alex Duetto II

Talk Coffee is delighted to have been granted import rights on this beautiful Italian made machine.

The Izzo Alex Duetto has a mix of characteristics rarely found in a prosumer sized machine.

The machine is almost silent in operation due to an inbuilt rotary pump. The machine has a tank but can run in plumbed configuration by turning a lever behind the large drip tray.

This machine is unique, being the only dual boiler, rotary pump, e-61 machine with tank and plumbed versatility.

Temperature stability is brilliant with both boilers being controlled by a PID and independent solid state relays.

Milk texture performance is outstanding with excellent dry steam and perfect microfoam is easy to obtain.

We believe that the Izzo Alex Duetto II is a strong competitor to the LaMarzocco GS/3, but at little more than half the price.

### Izzo Alex Duetto II specifications

<b>Boiler capacity</b>	1.8 litre steam 0.8 litre brew
<b>Fresh water tank</b>	Plumbed or tank with the flick of a switch
<b>Voltage</b>	230 v 50 Hz.
<b>Other</b>	Rotary pump, pump and boiler pressure gauges
