### Group cleaning cycle

- 1) Position the blind filter basket into the filter handle.
- 2) Pour the food quality cleaning product for espresso machines into the filter basket and tighten the filter handle into the group.
- 3) Keep key 1 of the group you wish to clean depressed while pressing key 2.
- 4) The leds of these two keys will keep flashing during the entire cleaning cycle. When the leds stop flashing and all leds are on, the cleaning cycle is complete. (Please note that the cleaning cycle can be stopped at any time by pressing any other key of the group being cleaned).

The cleaning cycle takes about 1 minute.
